

FOR SCHOOL DISTRICTS

Still calling five agencies to fill one vacancy — and following up with each one?

Fullbench is one partner to manage every staffing agency your district uses. One contract, one invoice, one record, one contact, and no direct program cost to your school or district.

One contract, one contact

Every agency your district uses comes under a single agreement, run by one named person. Post a need once instead of chasing several.

Keep the agencies you trust

Your current agencies join the network and keep working with you. We add well-vetted suppliers when you need them. You decide who is in.

One invoice, one record

Every approved hour from every agency on one itemised invoice, and every release, approval and status change timestamped on your record.

No start date can be set while any required document is missing or still awaiting review.

THE GATE

Step 04 is a stop, not a reminder. Awaiting review is not approval. Nor is an expired file.

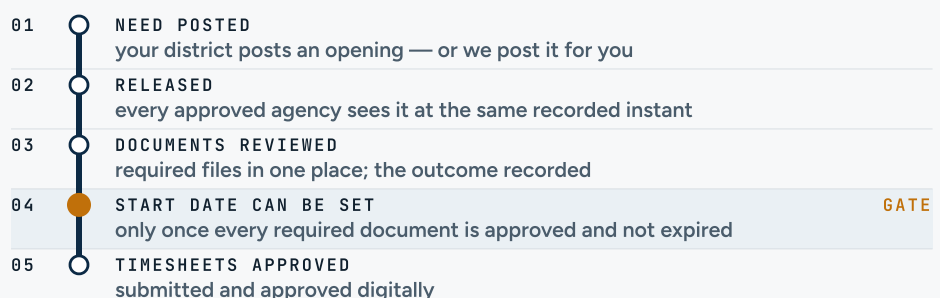

YOUR STANDARD

Every document your district requires, reviewed and approved by your office before anyone is scheduled.

A LAPSE WARNS

Emails you and the agency 30 days out. It never removes anyone — that call is yours.

FIG. 01 How one need moves, and where it stops

Clearer credential visibility. Faster starts. Required documents live on the record, so you can see what is approved before anyone is scheduled — and every release, submission, approval and status change is timestamped on the program record.

WHAT IT COSTS

There is no direct program cost to your district.

Then who pays? The participating agencies, under the fee stated in each agency's own agreement — after your district has paid.

PARTICIPATION FEE

The fee stated in each agency's own agreement. It is never billed to your district.

WHO RUNS IT

This team staffs schools every day: special education, related services, paraprofessionals, nursing and substitutes.

What your district pays the program. Nothing. You pay for the hours your schools approve — on one consolidated invoice instead of a stack of agency invoices. The program itself never bills your district.

WHO PAYS WHAT

PARTY	PAYS THE PROGRAM
Your school or district	No direct program cost
Participating agencies	The fee in its own agreement
